CANADA

We offer exceptional quality at great value.

At Mariposa, we offer exceptional quality at great value on an ever-changing selection of drapes and curtains that are both Made in Canada and are imported from Italy, at prices generally 20%-60% below full-price retailers' (including department, specialty, and major online retailers) regular prices, on comparable merchandise.

Through Mariposa Essentials, our customers enjoy savings through a direct sales and distribution approach. For us, value is a combination of designer brand, fashionable style, price, and quality. Unlike traditional retailers, we generally don't do promotions, sales, coupons or other gimmicks - where instead, our customers receive attentive and assertive to detail type of service by our decorative designers or general decorators.

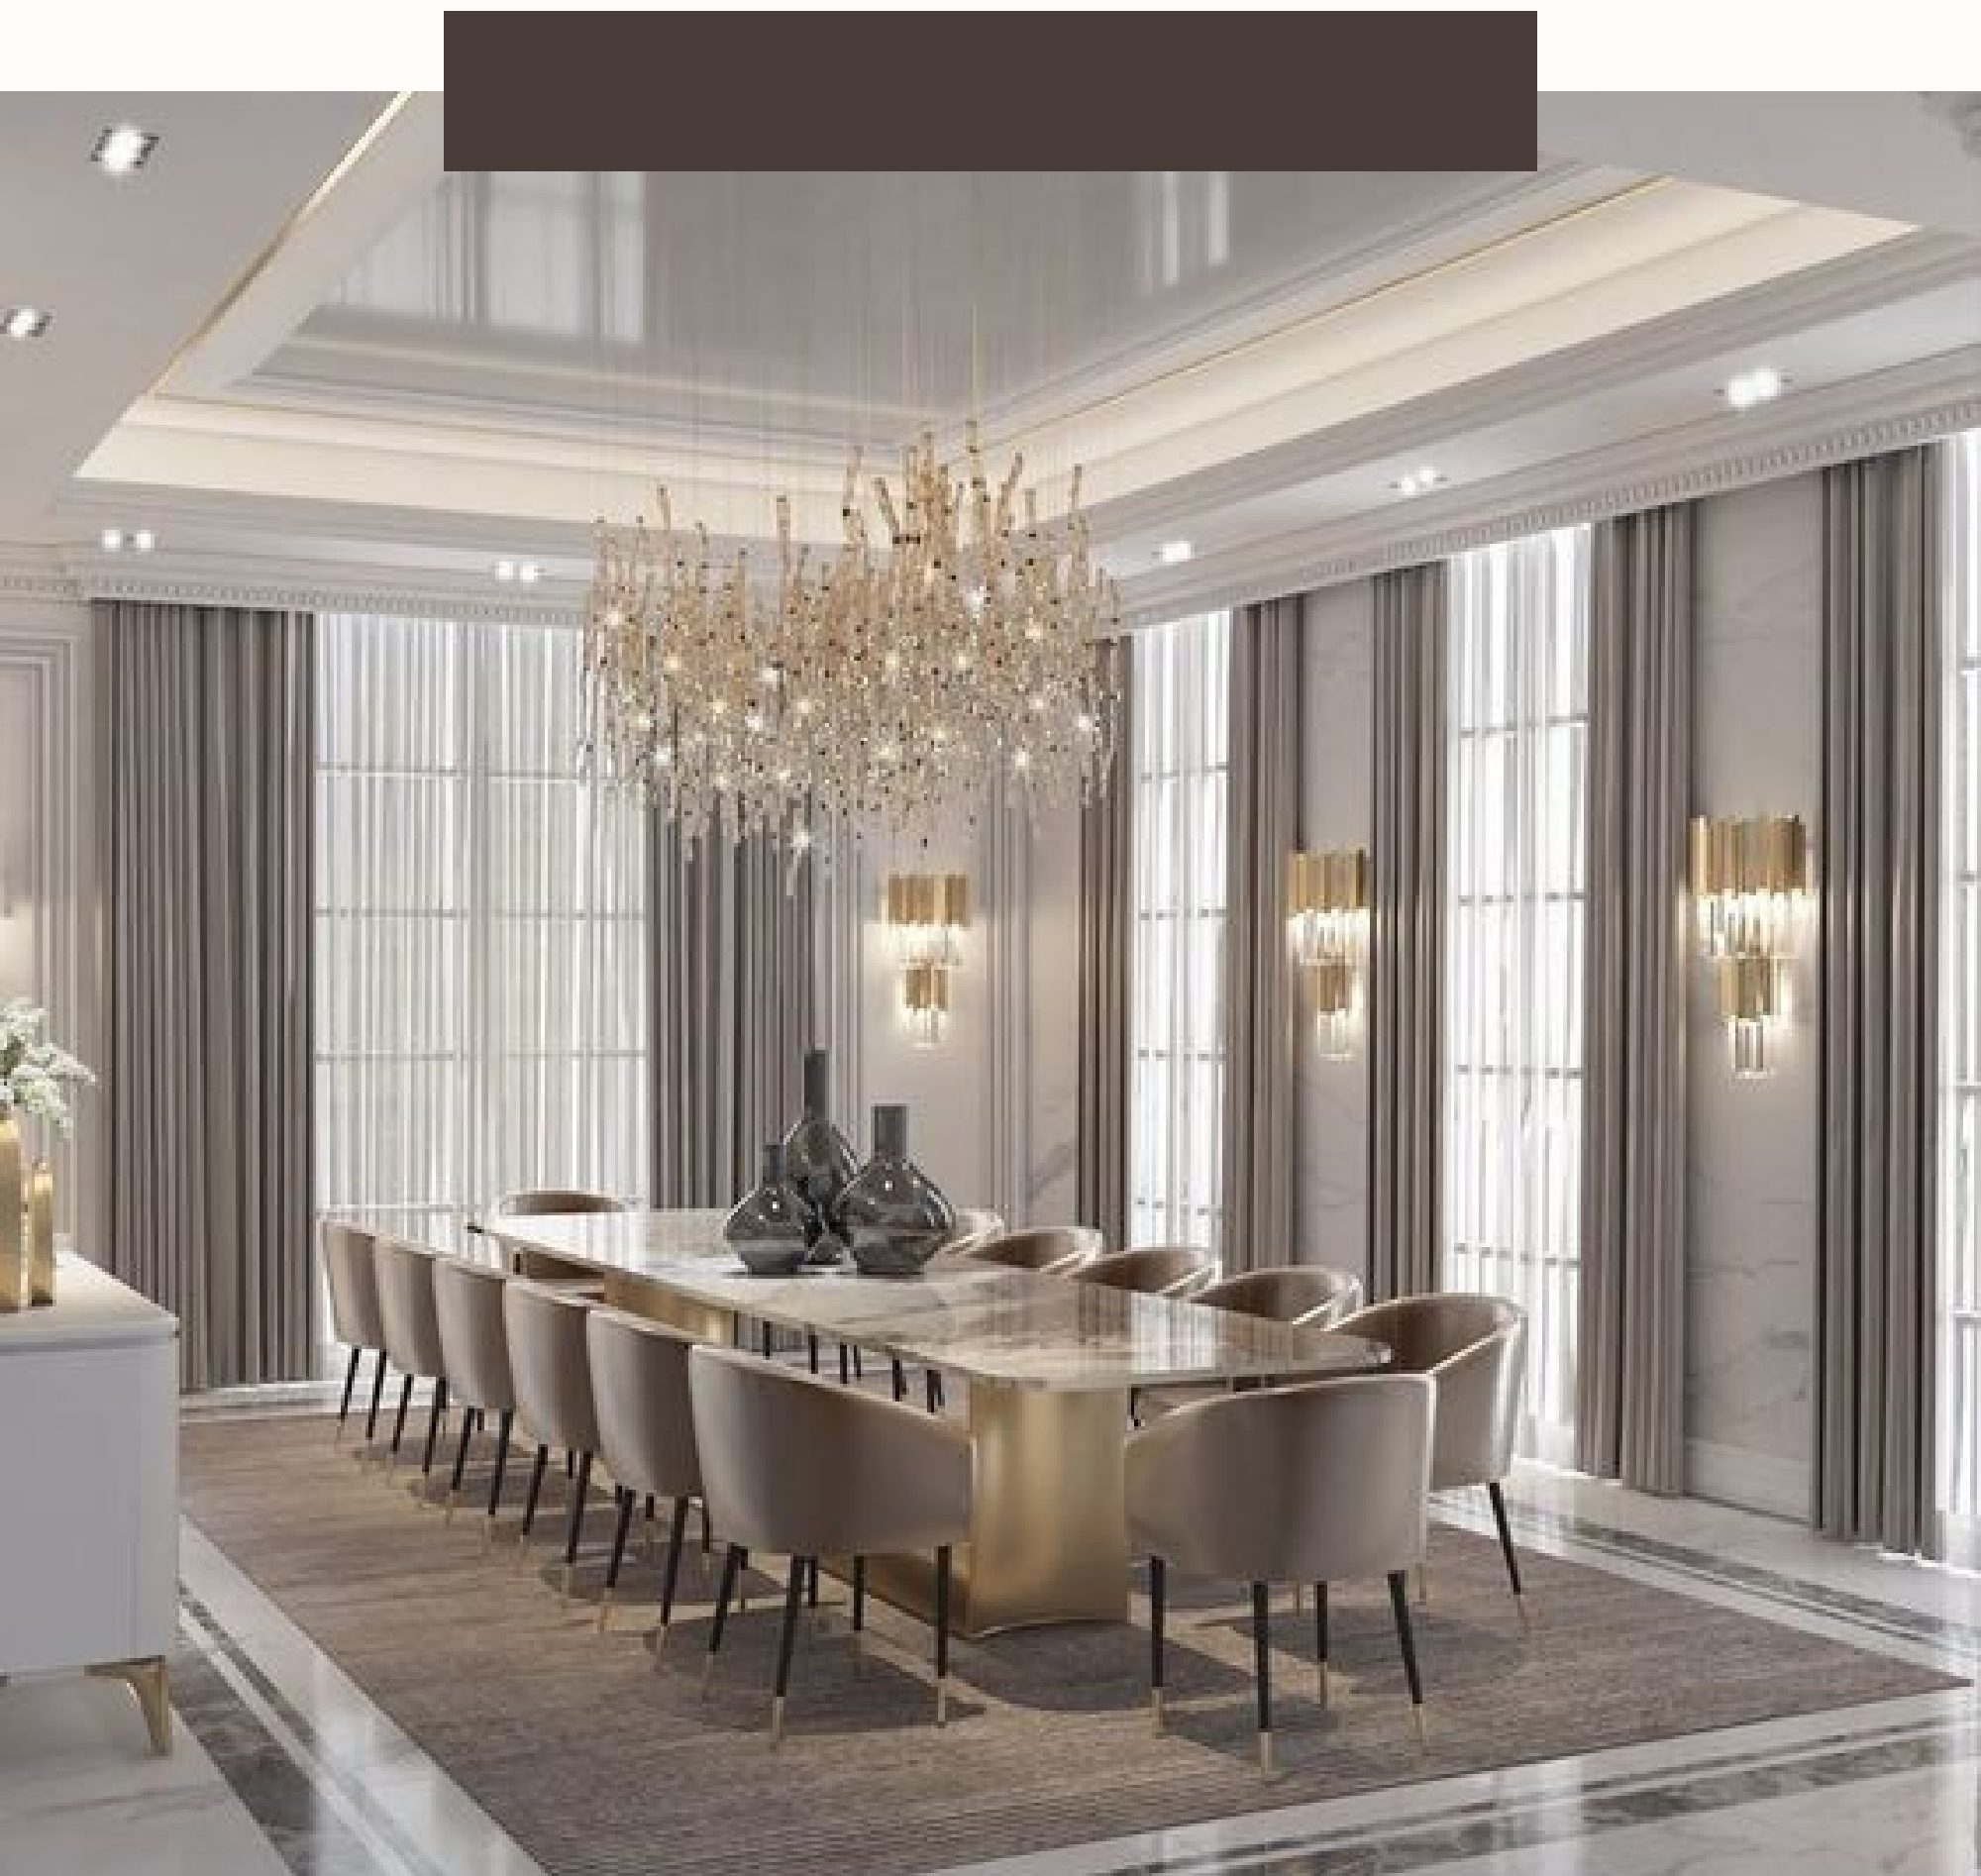

Contact us today for a complimentary consultation for drapery and curtain selection and installation services at: customerservice@mariposacanada.ca
