# Mariposa expanding its presence across Canada.

## The Mariposa Vision

Mariposa Capital is the central point of contact for Mariposa's interest of expansionism. We among Mariposa Capital, perceive ourselves as facilitators who support entrepreneur members of Team Mariposa in their national business activities across Canada.

With our recognized service profile, we among Mariposa Capital, want to permanently establish ourselves as a valuable and competent resource and promote Mariposa as a company for talented entrepreneurs to partner with.

## The Mariposa Mission

As the venture capital and business advisory and development division of Mariposa Group in Canada, Mariposa Capital is tasked with the following:

- **Securing the success** of Mariposa's small and medium-sized subsidiary businesses (within the construction, property development and improvement, or similarly related) industry sectors in the sense of national competitiveness.
- **Strengthening Mariposa** as a company to form partnership with, and by being a company that can attract direct investment.
- **Positioning Mariposa** as one of the most attractive companies for entrepreneurs to partner with in primary and potential growth markets across Canada.
- **Supporting the corporate policy** for nationwide expansionism.

Mariposa Capital is made up of five departments and four staff units responsible for the promotion of investment and opportunities within the company across Canada.

Senior Management and Leadership of Mariposa Capital Canada are consistently available to support your path towards professional and personal success.

## Choosing to partner with Mariposa.

Mariposa is one of the safest companies to partner with anywhere in Canada. The Company has moved swiftly to counteract the Corona crisis, introducing a far-reaching package of financial measures to safeguard business growth, and maintaining productivity across the network of business units and subsidiaries.

## Reasons to partner with Mariposa.

Mariposa is among Canada's fastest growing companies that is operating in crucially important industries that are seldom affected by economic conditions.

## **Mariposa's expansion activities.**

Mariposa is among Canada's best performing companies. Small and medium-sized business owners/operators drive the company and dynamic investment relationships within the key markets of the Canadian economy and beyond offer plenty of business opportunities.

Mariposa's corporate governance policies enhance a broad and competitive industrial environment with a strong focus on innovative future technologies for smart homes and smart business (commercial properties). Many small and medium sized businesses that operate under the Mariposa umbrella utilize such potential capabilities, making them leaders in their respective industry sectors and service markets. Across industries large and small, Mariposa's products and services are nationwide successes.

According to recent studies, Mariposa ranks as among the top companies to partner with. Along with its relative business growth stability, Mariposa is more than capable of becoming the number one leader in the home improvement services market, creating a large and stable customer base for business partners to tap into. Mariposa's integration into the national economy also allows subsidiaries to gain and share knowledge, products, and employees within a Canadian and international network that is known as Team Mariposa.
